## Executive Summary

The economy continues to rebound, embracing our graduates with challenging opportunities that complement their academics and offer potential for long, engaging, and meaningful careers. Like their CWRU alumni counterparts, members of the class of 2014 graduated with distinct plans for either advancing their education or beginning their careers.

In terms of advanced degrees, an increasing number chose medical or law school, with a significant number of international students choosing to pursue advanced degrees (81% versus 52% in 2009). Of those entering the workforce, an increasing number are going West (e.g., Washington State, California), with a predictably high number remaining in the Midwest. The top industries employing our most recent graduates included engineering, information technology, nursing, research, management consulting, financial services, and education/teaching.

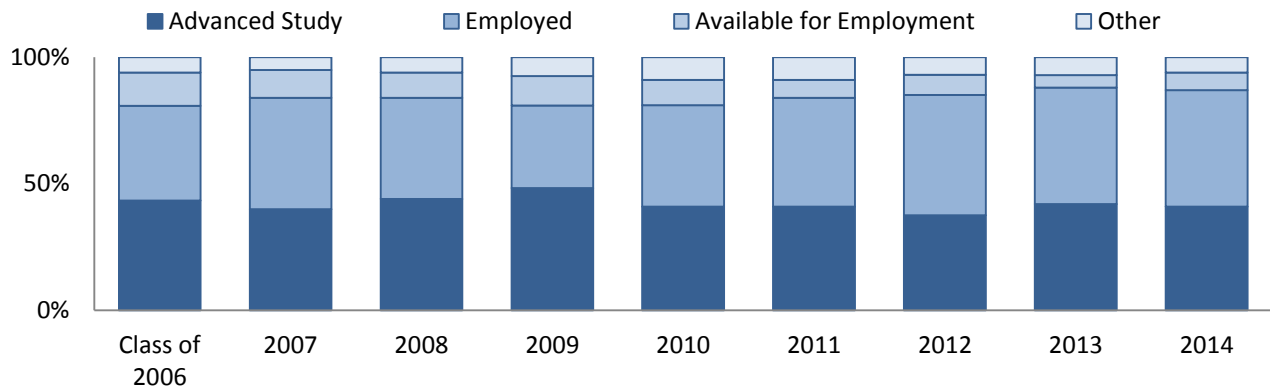

### Highlights

- ◆ Overall, post-graduation plan data was collected for 74% (n=652) of 2014 graduates.
- ◆ Of those who responded to the questions about experiential learning, 99% reported participating in at least one form of experiential learning.
- ◆ Seventy-six percent (76%) of graduates who went on to full-time employment indicated that the position they found required a college degree and was related to their field of study.
- ◆ Select organizations that hired multiple members of the Class of 2014 included Case Western Reserve University (12), Microsoft Corporation (12), University Hospitals (10), Cleveland Clinic (9), Accenture (8), Epic Systems (8), General Electric (7), Rockwell Automation (6), and Teach For America (6). This is complemented by additional employers who consistently make a significant investment in the recruitment of CWRU students such as Explorys and National Instruments.
- ◆ Forty-one percent (41%) of graduates planned to pursue an advanced degree; of those, 22% planned to attend medical school.
- ◆ Graduates were accepted into a number of impressive graduate and professional schools including: California Institute of Technology, Columbia University, Cornell University, Duke University, Harvard University, Johns Hopkins University, Northwestern University, Stanford University, University of Chicago, Vanderbilt University, Washington University in St. Louis, and Yale University.
- ◆ Thirty-three percent (33%) of graduates continuing on to graduate/professional school will study at CWRU.
- ◆ The median salary range for the Class of 2014 was \$55,000-\$59,999, an increase of \$5,000 from last year. Median salary ranges by college/schools were as follows:
  - Arts and Sciences: \$35,000-39,999, an increase of \$5,000 from last year
  - Engineering: \$60,000-64,999, no change from last year
  - Management: \$50,000 to \$54,999, an increase of \$5,000 from last year
  - Nursing: \$45,000-\$49,999, no change from last year

Participants were asked about their secondary plans for the first time in 2014. Thirty-one percent (31%, n=200) of students reported their secondary plans for after graduation. Of those 200, 45% (n=89) planned to work full- or part-time while simultaneously pursuing graduate/professional school.<sup>1</sup>

## Plan to Work and Attend Graduate/Professional School

<sup>1</sup> Graduates who planned to start their own business or participate in the military were excluded. The graph indicates the CWRU college/school from which the student graduated.

# Employment

## Job Qualifications

Forty-six percent (46%, n=303) of graduates accepted full-time employment and 226 (75%) provided a response to whether or not a college degree was required for their jobs. Of those who answered the question, 92% said their position required a college degree and 76% said their position required a college degree *and* was related to their field of study.

## Industries

Of the 303 graduates who accepted full-time employment, 76% (n=230) provided information about their chosen industry.

Industry	n	%	Industry	n	%
Accounting	6	3%	Healthcare/Public Health	11	5%
Art/Design/Performance	1	0%	Information Technology	23	10%
Business Administration	10	4%	Manufacturing	3	1%

Engineering	78	34%	Research	17	7%
Entertainment	1	0%	Science	1	0%
Financial Services	13	6%	Social Services	3	1%
Government	2	1%			

## Business Ventures

A new question was added to the survey this year related to business ventures. Six graduates indicated that they were starting their own business, were self-employed, or working freelance. A description of their work is provided below.

- Music recordings
- iPhone app, technology sector
- Creation of an investment fund
- Consulting, financial services, insurance and contracting with a small business retail location
- Aerospace industry with the goal of reducing the cost of launching small cargo into space
- Independent contractor for Speech-Language Pathology (following their Integrated Studies program)

## **Employers**

A sample of Fortune 500, government, non-profit, and private sector employers who hired CWRU graduates includes:

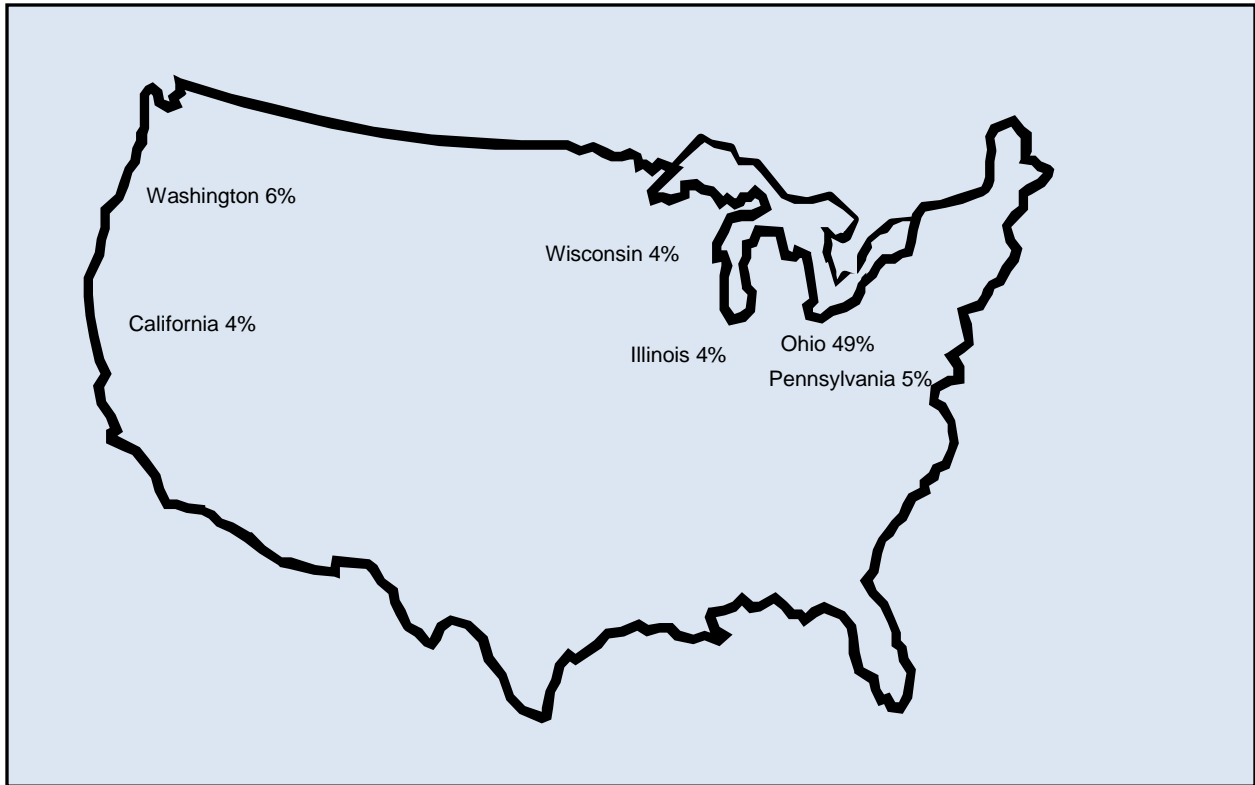

Accenture	Key Bank
American Civil Liberties Union	Lockheed Martin
Austen BioInnovation Institute in Akron	McMaster-Carr Supply Company
Bank of New York Mellon	Memorial Sloan Kettering Cancer Center
Bellefaire JCB	Microsoft Corporation
Boeing	Mobile Defense
Booz Allen Hamilton	National Instruments
Carbon Origins	Nestle
Cardinal Health	Parker Hannifin Corporation
Children's Hospital Los Angeles	Peace Corps
Cleveland Clinic	Phillips
Deloitte Consulting	Planned Parenthood of Greater Ohio
Eaton Corporation	Proctor and Gamble
Edgepoint Capital Advisors	Rockwell Automation
Explorys, Inc	Saint-Gobain
General Electric	Sherwin-Williams Company
Hewlett-Packard	Teach for America
IBM	Zimmer-Holdings, Inc
Keithley Instruments	

## **Job Locations**

Of the 303 graduates who accepted full-time employment, 94% (n=285) provided information about the location of their position. Sixty-two percent accepted positions in the Midwest United States.<sup>2</sup> Forty-nine percent (49%, n=140) accepted positions in Ohio. Of those who accepted positions in Ohio, 86% (n=120) accepted positions in the northeastern region. Outside of Ohio, graduates tended to take jobs in California, Illinois, Pennsylvania, Washington, and Wisconsin. Five graduates accepted full-time employment outside the United States.

---

<sup>2</sup> Regions were determined based on the U.S. Census Bureau document *Census Regions and Divisions of the United States*. Retrieved January 4, 2013.

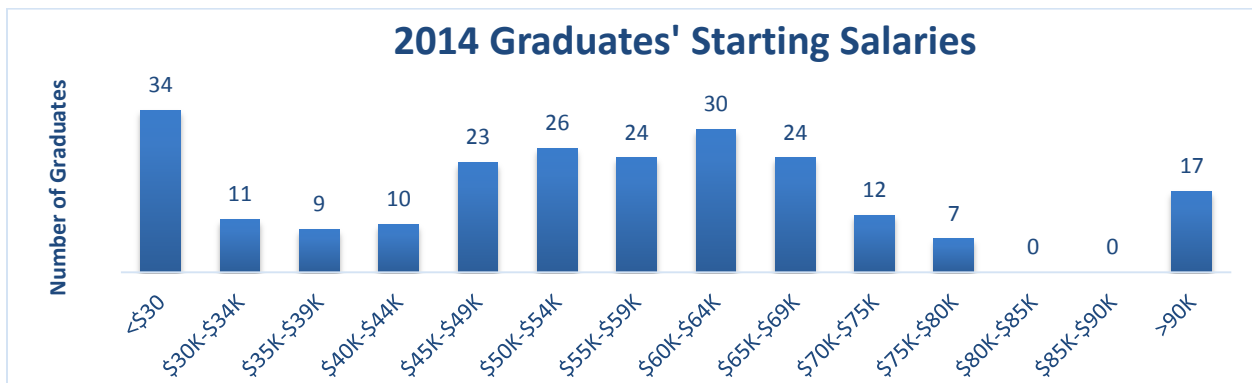

**Employment by Region**

n	%	Region
178	62%	Midwest
29	10%	Northeast
36	13%	South

### Starting Salaries

Seventy-five percent (75%, n=227) of the 303 graduates who accepted full-time employment provided salary information. The median salary range for those who accepted full-time employment was \$55,000-\$59,999.

## Graduate/Professional School

A total of 268 students marked graduate/professional school as their primary plan for after graduation. Of those, 245 provided information about their graduate/professional school. The list below highlights some of the institutions they chose to attend:

Arizona State University	University of Arizona
Boston University (2)	University of California, Berkeley
California Institute of Technology	University of California, Davis
Carnegie Mellon University	University of California, Irvine
Case Western Reserve University (90)	University of California, Los Angeles (2)
Columbia University (5)	University of California, San Diego
Cornell University (2)	University of Chicago (3)
Duke University (5)	University of Florida
Emory University (2)	University of Illinois at Urbana-Champaign
Georgia Institute of Technology (2)	University of Maryland, College Park
Harvard University	University of Michigan (5)
Indiana University	University of Minnesota (3)
Johns Hopkins University (3)	University of North Carolina at Chapel Hill
Mayo Medical School	University of Notre Dame
Northwestern University (6)	University of Pennsylvania
Ohio State University (11)	University of Southern California
Ohio University (2)	University of Texas at Austin
Pennsylvania State University (3)	University of Virginia (2)
Purdue University	University of Washington (2)
Stanford University (2)	Vanderbilt University
Stony Brook University (4)	Virginia Polytechnic Institute and State University
Temple University	Wake Forest University
Texas A&M University (4)	Washington University in St. Louis
University at Buffalo	Yale University

## Law Schools

Four percent (4%, n=12) of graduates planned to attend law school. Their chosen schools included:

Case Western Reserve University	University of California, Los Angeles
Emory University	University of Chicago (2)
Ohio State University	University of Richmond
Southern Methodist University	

## ***Medical Schools***

Twenty-two percent (22%, n=60) of graduates planned to attend medical school.<sup>3</sup> Specifically, graduates chose to attend the following medical schools:

Campbell University	Saint Louis University
Case Western Reserve University (12)	Stony Brook University (3)
Drexel University	Temple University
Duke University	Thomas Jefferson University
Hofstra University (2)	University of Arkansas
Indiana University	University of Cincinnati (2)
Johns Hopkins University	University of Illinois at Urbana-Champaign
Lake Erie College of Osteopathic Medicine	University of Michigan (2)
Mayo Medical School	University of Minnesota
Northwestern University	University of Toledo (8)
Oakland University	University of Virginia
Ohio State University (3)	Wake Forest University
Ohio University (2)	Wright State University (2)
Pennsylvania State University (2)	Yeshiva University (2)

## ***Scholarships and Fellowships***

Graduates were also awarded a number of impressive scholarships and fellowships including:

Environmental Protection Agency STAR Fellowship for Environmental Studies

Fulbright Study Research Abroad Fellowship

National Science Foundation Graduate Research Fellowship (3)

Science, Mathematics, and Research for Transformation Scholarship

In addition, many graduates received competitively-awarded scholarships or fellowships through their graduate or professional school.

<sup>3</sup> Planned to pursue M.D. or D.O. degrees.

# Experiential Learning

## Participation

Four hundred seventy-nine (479) graduates answered the experiential learning questions. Of those graduates, 99% (n=473) participated in at least one form of experiential learning.

Of those who participated in experiential learning, Nursing graduates had the highest average number of activities (4.13), followed by Arts and Sciences graduates (3.46), Engineering graduates (3.30), and Management graduates (2.94). Internships and community service were the most popular activities for Engineering and Management graduates while the most popular activities for Arts and Sciences graduates were research with CWRU faculty and community service. All Nursing graduates participated in at least one nursing practicum/clinical and more than 85% also participated in community service. The table below describes participation by school/college.

### Participation in Experiential Learning by School/College<sup>4</sup>

<sup>4</sup> Students who earned degrees from more than one school/college are included in the counts for each college/school in which they earned a degree.

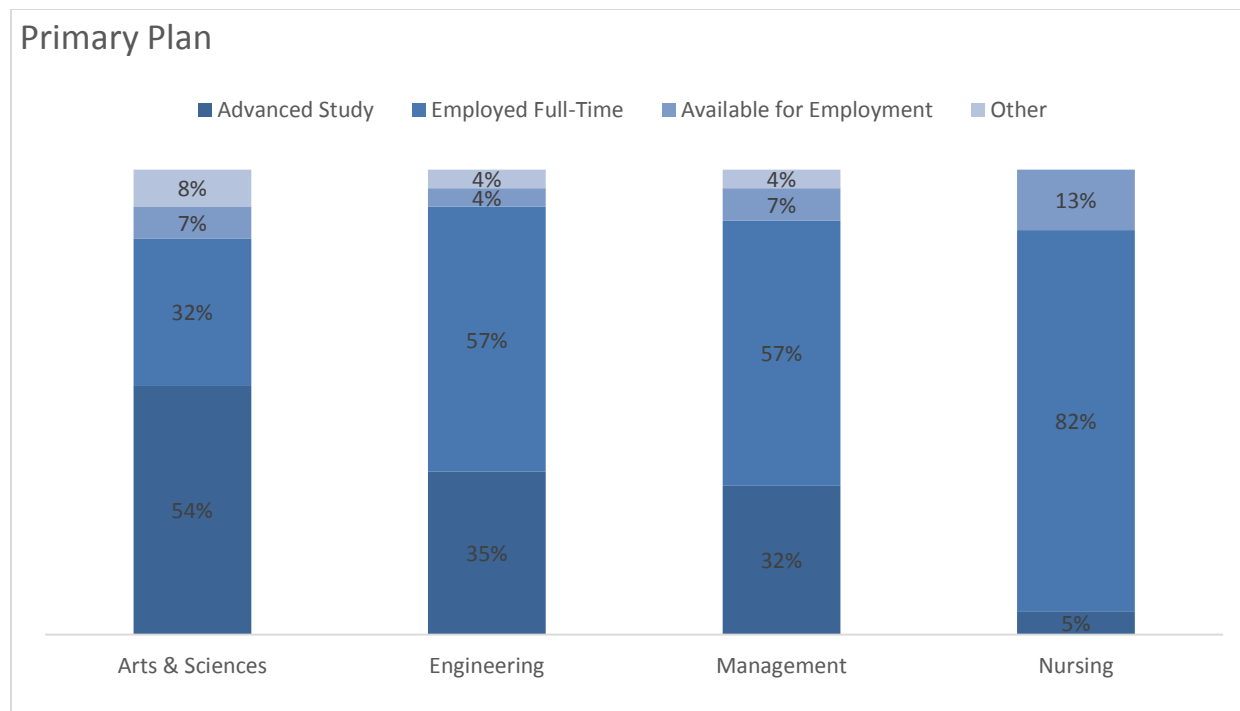

## Results of Participation

This year, graduates were asked a new question regarding the outcome of their experiential learning activities. A total of 118 students reported accepting job offers as a result of their experiential learning; 66 as a result of their internship experience; 52 as a result of their research experience; ten based on their practicum offered through the Career Center; nine based on their cooperative education program experience; and four as a result of their nursing practica/clinicals.

## International Student Results

Data was collected for 49% (n=31) of the graduates who were international students. All of the international graduates who took the survey provided information about their plans for the future. Twenty-five international graduates planned to pursue graduate/professional school and of those 48% (n=12) planned to attend Case Western Reserve University.

## **Appendix A: Methodology**

The 2014 First Destination Survey was distributed to 884 graduating seniors using a web-based technique. Job and graduate/professional school plan data was also collected via faculty/staff reports and LinkedIn, an online professional networking website. Overall, post-graduation plan data was collected for 74% (n=652) of graduates.

The 2014 First Destination Survey was distributed in three stages throughout the academic year: August 2013, January 2014, and May 2014. An email was sent to graduates with a link to the survey beginning approximately one month before graduation, and continued to be sent every two weeks to all non-respondents and still-seeking graduates through October 2014. LinkedIn was used to gather information on non-respondents and those students who indicated they were still seeking employment after graduating from CWRU. Faculty and staff were also contacted for post-graduation plan information on non-respondents and those graduates still seeking employment.

Appendix B includes a copy of the First Destination Survey used to capture the information contained in this report. The survey was administered using CampusLabs, an assessment vendor contracted by the Division of Student Affairs.

## Appendix B: First Destination Survey 2014

Dear CWRU Graduate:

Please take a couple of minutes to complete our First Destination Survey regarding your post-graduation plans.

Your privacy is assured as information will be presented in a final report strictly as summary data with no self-identification. The only information that would be shared, should you choose to provide it, would be your current email address and current home address, which will be requested in the last item on this survey. This information would only be shared with Alumni Relations; all other information will remain confidential.

THANK YOU for your time and the information you can share.

Cordially,  
 Thomas B. Matthews, Ph.D.
