Please remember that CWRU's NYSP is not responsible for any items brought to program. All lost items or left items will be returned to their owner or located in lost and found. If items are not properly labeled and we cannot locate the owner, the items will be donated at the end of summer. Please make sure to label all belongings.

WHAT NOT TO PACK

Expensive jewelry, electronic games/music players or items with sentimental value are strictly prohibited. Please note that if you chose to send your child to the program with a cell phone, we will ask that he or she keep the phone in his or her backpack throughout the entire program day as electronics of any kind are not allowed at program.

PARTICIPANT EXPECTATIONS

Parents, please discuss the [Participant Expectations](#) and [Code of Conduct](#) with your child prior to the first day of program.

DISCIPLINE

The National Youth Sports Program is a place for fun, friends, growth, and memories. It is not a place for disruptive behavior. Any behavior that detracts from the positive experience that your fellow participants are having may lead to consequences including dismissal from the program as outlined by the participant code of conduct.

NYSP reserves the right to dismiss any participant for inappropriate unsafe behavior. The Program Director will always try to discuss and resolve any issues with a participant with their parent(s) or guardian(s). If a problem persists and cannot be corrected, the decision to dismiss a participant will be made by the Program Director in consultation with management. No refunds will be given for children who are dismissed from Program.

THE PROGRAM STAFF

The NYSP Program staff are some of the finest and caring adults. They are teachers, educators, coaches, and college students. Each staff member has undergone a thorough hiring process to include background and reference checks. They have attended staff trainings and adhere to CWRU's strict code of ethics. Should there ever be an issue with a staff member, please do not hesitate to contact the Program Director, Dennis Harris, immediately and we will work to resolve it.

SWIMMING

Every participant will participate in swimming. Swimming is a mandatory sport. All participants will be given a swim test on their first day of swimming. Based on the swim test, the lifeguard instructors will classify your child into 1 of 3 swim categories: Beginner, Intermediate or Advanced. The pool will be always lifeguarded by NYSP staff. The NYSP lifeguards are all CPR and First-Aid certified and will be supervising swim time as well. One member of the NYSP lifeguarding staff will remain on the pool deck while the other staff members swim in the water with the participants.

ILLNESS AND EMERGENCY PROCEDURES

If your child wakes up ill, please keep him or her at home for the day. We ask for your consideration for the health of all our participants and staff. In the event of a minor accident, our medical coordinator/nurse will administer First Aid and notify you at pick-up. If a child is injured or becomes ill during the program day, you will be contacted right away. If the illness or injury is significant to the extent that your child can no longer participate in program activities, you will be notified immediately and asked to pick up your child.

In the unlikely event that an injury or illness requires emergency care, you will be notified immediately. The director will contact 911, and paramedics will transport your child with an Accompanying staff member to an emergency care facility. Parents or the designated guardian will be responsible for any medical fees incurred. In the event of your child sustains a concussion, they will be removed from participation for the program day. Parents or guardians will be contacted immediately by the medical coordinator. Your child will be required to have no concussion symptoms and a note from a physician stating clearance.

We strongly encourage you to administer any regular medication your child takes at home. However, if it is the case that your child must receive a dose of his or her medication during program hours, please bring the medication in its original, labeled container and hand it directly to the medical coordinator on your child's first day of program. Please complete the [Authorization to Administer Medication Form](#) and submit to the NYSP office or medical coordinator. (This form should also be completed for any participant who will be carrying an Epi- Pen and/or inhaler.)
