

## University Health & Counseling Annex

The University Health & Counseling Services Annex is located at 2124 Cornell Rd in the space the School of Dental Medicine previously used for patient treatment, on the corner of Cornell Drive and Cornell Circle, directly next to Nursing Research Building.

The entrance to the building is located on Cornell Circle across from the Bolwell Health Center. Please enter the building through the doors on the left, under the School of Dental Medicine sign. You will need to scan your CWRU ID to enter the building. Once you enter please wait in the lobby until someone greets you. If doors are locked, wait until a staff person lets you in.
