

Moms in Grad School

This group is intended to be a supportive and educational group for moms in grad and/or professional school. Finding a balance in the various identities we wear is difficult, and we hope to provide a space free from judgment while we figure this out together.

Group will meet
Tuesday's 10-11am EST
starting Feb. 9

If interested call 216.368.5872 and let them know you are interested in participating in this group.

This group is available to CWRU, CIA, CIM and KSU Podiatry grad or professional students currently residing in Ohio.
