**Success Plans**

**Academic Progress & Planning**

First, think of a goal you want to achieve. This should be limited to your first semester your year at CWRU. This goal will become your success plan name. Your name should be descriptive and provide you with a realistic starting point to draft next steps. It can be considered your overall goal you want to achieve in the plan. Once you have named your plan, you can begin identifying your tasks - the steps you will take to assist you in reaching your goal. Below is an example of an Academic Progress & Planning success plan.

**Success Plan Name:** Earn all A’s and B’s in my first semester at CWRU.
