## Bike to Work Day is Friday Don't let the rain drive you away!

National Bike to Work Day is May 15. A number of parties, events and free and discounted food are planned to encourage Greater-Clevelanders to cycle instead of drive.

Not able to bike to work, cycle on your lunch break instead. CWRU's Wellness Coordinator, Mary Ann Dobbins, will be instructing two spinning classes at Veale at noon and 1:00pm, register [here](#).

The Office for Sustainability is raffling off a \$100 gift card to all those who attend the Bike to Work party at Corner Alley Uptown from 7:00am to 9:30am. Check out more info on events at the [Sustainable CWRU blog](#). Read all the area details at [Bike Cleveland's site](#).

**The Results are in — Southside Ran Away With the Cup**

Southside reduced electricity consumption in April 12%, saving slightly over 33,000 kWh, the equivalent of over 2,500 gallons of gas, the annual greenhouse gas emissions of about five passenger vehicles and the electricity use of three average US homes.

Southside res halls have won water bottle filling stations for their lobbies, to be installed this Summer, as well as a sweet trophy for the area office in Fribley.

Keep thinking about your daily energy usage, every little bit counts to make communities healthy and to save on utility bills, turn your stuff off when done, take the stairs, buy LED light bulbs!

**Congratulations, Graduates!**

Congratulations to all of our 2015 graduates! Following the Convocation and Diploma ceremonies this Sunday, May 17th, our graduating students will embark on all manner of new adventures. We hope that they leave CWRU not only as experts in their particular field of study, but also with knowledge to help make this world a more sustainable, resilient and flourishing place. May you all see great success and happiness!
