  - Foster a culture that embraces sustainability
- 31,000 Clean Energy Jobs in Ohio**

## Renewable Generation in Cuyahoga County

# City of Cleveland, OH Solar Roadmap

## Roadmap Goals and Progress

The Solar Roadmap team has worked in close coordination with the City to develop a customized, interactive solar roadmap containing guidance on how to transform the local solar market. Each recommendation in the roadmap is supported with relevant reports, case studies, examples, and templates to support local and regional implementation efforts.

### Overall City Roadmap Progress

#### + Permitting Process

*Current Progress:*  
6 of 14 goals achieved

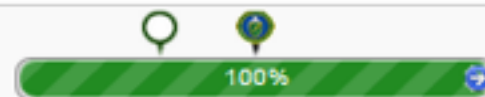

#### + Planning & Zoning

## Northeast Ohio's Solar Community

Our goal is to build a thriving green city on a blue lake. And we want you to share in the benefits. That's why we teamed with the World Wildlife Fund to create the Cleveland Solar Community where Cleveland homeowners can find major discounts and a variety of financing options for installing home solar. To see an instant, free solar analysis of your home that shows how much you can save on your electric bill by going solar, just enter your address.
