

UCITE Curriculum Innovation Grant RATING SHEET

This sheet will be used by the review team to rank UCIG applications.

Description of course innovation and student learning goals: (0-9 points) _____

- *Are course innovation goals clearly defined?*
- *Are specific connections made to one or more of the Principles of Effective Teaching and Learning?*
- *Are course learning objectives, assessment measures, and proposed instructional activities aligned?*

Justification for course innovations: (0-9 points) _____

- *Does the proposal support developments in the discipline or among interdisciplinary contexts?*
- *Does the proposal support current department and campus-level priorities and initiatives?*
- *Is a persuasive narrative included that explains and justifies how grant funding will help realize course innovation goals?*

Potential for student success: (0-9 points) _____

- *Does the proposal describe how the course innovation and associated grant funding will impact student success?*
- *Does the proposal provide specific measures to determine the success of course innovations?*
- *Is the application clear to a multi-disciplinary audience of faculty colleagues?*

TOTAL POINTS = _____ / 27
