STEP 13: Click **next** to add the selection to your shopping cart.

NOTE: If you select a class that has multiple components, (e.g., a lecture course that requires a lab or a recitation), SIS will prompt you to add the additional components to your shopping cart at this point, as in the adjacent photo. You must enroll in an open recitation/lab/discussion section to enroll in an open lecture section. Recitation/lab/discussion sections are small and may reach capacity. Therefore, you may want to add multiple alternate sections (using the process outlined in earlier steps) to your shopping cart in case your first choice fills during the registration period.
