Forticlient VPN Installation for IOS Last Modified: 2019-12-02 Kevin Chan

INSTALLATION and SETUP

1. Download FortiClient VPN app from iOS App Store

https://apps.apple.com/us/app/forticlient-vpn/id1475674905

2. Open "FortiClientVPN" App

3. Tap "I accept" to accept Privacy Policy

4. Tap "I accept" to accept Fortinet Product Support Waiver

5. Tap "Allow" to allow FortiClientVPN to add VPN Configurations; Enter Security Passcode if needed.

6. Tap "Select connection"
