

NEW HCM Wellness Guide

How to verify Wellness Program Participation Status

Log into the
NEW HCM
(hcm.case.edu)

Then choose
the “Wellness”
Tile.

Verify that your forms are complete on the "Wellness Summary" page.

The screenshot displays the CW Wellness Employee Self Service interface. The left sidebar contains a navigation menu with three items: "Tobacco Attestation Form", "Wellness Summary" (highlighted with a red oval), and "Wellness Program Participation". The main content area is titled "Wellness Information Summary" and includes a "Benefit Year" dropdown set to "2020". Below this, there are three sections: "Wellness Premium Incentive Information", "Wellness Program Participation Incentive Information", and a note about the incentive payment. The "Wellness Premium Incentive Information" section lists three completed items: "Completed Health Risk Assessment" (received on 08/16/2019), "Completed Biometric Screening" (received on 11/01/2019), and "Completed Tobacco Attestation". The "Wellness Program Participation Incentive Information" section lists five categories, each with an unchecked checkbox and the status "certified on": "Weight Management OR Nutrition incentive", "Physical Activity incentive", "Stress Management incentive", "Tobacco Cessation incentive", and "Financial incentive".
